

Aviastyle[®] Rear View Mirror Systems

Aviastyle[®] Mirror Systems

The Rosco Aviastyle[®] mirror system is the standard system on Blue Bird buses.

BLUE BIRD PART NO.	ROSCO PART NO.	DESCRIPTION
0033044	4302JC1560	Type "D" Aviastyle [®] rear view system with hand adjustable mirrors.
0033045	4302JC2560	Type "D" Aviastyle [®] rear view system with heated hand adjustable mirrors.
0037258	4302J42230	Type "D" Aviastyle [®] rear view system with Spring-Break [®] breakaway arms and heated remote mirrors.
0037248	4301J11560	Ford, GM & Intl. Type "C" Aviastyle [®] rear view system with hand adjustable mirrors.
0037249	4301J12560	Ford, GM & Intl. Type "C" Aviastyle [®] rear view system with heated hand adjustable mirrors.
0037252	4301J42230	Ford, GM & Intl. Type "C" Aviastyle [®] rear view system with Spring-Break [®] breakaway arms and heated remote mirrors.

Note: The above systems represent only a sampling of the many varieties available. Contact your Blue Bird dealer for help in specifying the Aviastyle[®] mirror system that fits your needs.

Aviastyle[®] driver side, upright mirror with Spring-Break[®] breakaway arm assembly.

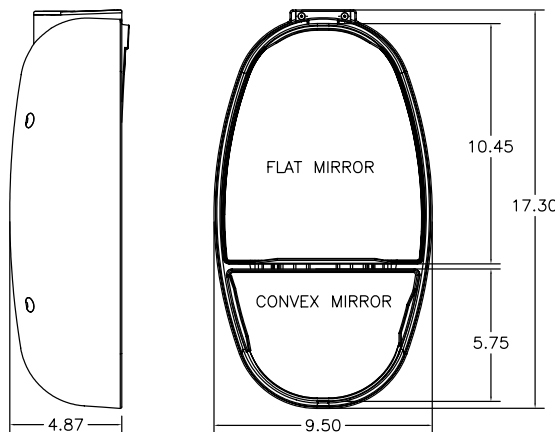

Aviastyle[®] driver side, upright mirror with non-detent, breakaway arm assembly.

Aviastyle[®] passenger side, overhang mirror with Spring-Break[®] breakaway arm assembly.

Aviastyle[®] passenger side, overhang mirror with fixed, overhang assembly.

All Aviastyle[®] mirrors are available hand adjustable, heated, or remote heated. All are available with stainless steel arms.

Aviastyle® Component

Parts

BLUE BIRD PART NO.	ROSCO PART NO.	DESCRIPTION
AVIASTYLE®- BLUE BIRD TYPE "C" AND "D"		
DRIVER SIDE NON-DETENT ARMS		
0044687	ASY2107	Type "C" and "D" upright for hand adjustable mirror.
0046087	ASY2108	Type "C" and "D" upright for hand adj. mirror with htr. wire harness.
0048136	ASY2109	Type "C" and "D" upright with wire harness for motorized mirror.
PASSENGER SIDE FIXED ARMS		
0059459	ASY2606	Type "D" overhang for hand adjustable mirror.
0046089	ASY2607	Type "D" overhang for hand adj. mirror with htr. wire harness.
0059460	ASY2608	Type "D" overhang with wire harness for motorized mirror.
0046083	ASY2763	Type "C" overhang for hand adjustable mirror.
0046089	ASY2764	Type "C" overhang for hand adj. mirror with htr. wire harness.
0048137	ASY2765	Type "C" overhang with wire harness for motorized mirror.
DRIVER SIDE BREAKAWAY ARMS		
0045085	ASY2048	Type "D" upright with motorized wire harness.
0039134	ASY2049	Type "D" upright with heater wire harness.
0045179	ASY2050	Type "D" upright for hand adjustable mirror.
PASSENGER SIDE BREAKAWAY ARMS		
0045167	ASY2539	Type "D" overhang for hand adjustable mirror.
0039133	ASY2540	Type "D" overhang with heater wire harness.
0045084	ASY2541	Type "D" overhang with motorized wire harness.
917 SERIES AVIASTYLE® MIRRORS		
0040766	M917	Aviastyle®- 9"x17" upright, hand adjustable mirror.
0039136	M917H	Aviastyle®- 9"x17" upright, heated hand adjustable mirror.
0040767	M9170G	Aviastyle®- 9"x17" overhang, hand adjustable mirror.
0039135	M9170GH	Aviastyle®- 9"x17" overhang, heated hand adjustable mirror.
0044738	917	Aviastyle®- 9"x17" upright, remote mirror.
0044671	917H	Aviastyle®- 9"x17" upright, remote heated mirror.
0044739	9170G	Aviastyle®- 9"x17" overhang, remote mirror.
0044672	9170GH	Aviastyle®- 9"x17" overhang, remote heated mirror.
GLASS AND PARTS FOR AVIASTYLE® MIRRORS		
0041785	GLA3008	Flat glass.
0041786	GLH6002	Heated, flat glass.
0041787	GLA4012	Convex glass.
0041788	GLH6502	Heated, convex glass.
0053363	CAR5006	Hand adjustable flat carrier.
0048113	CAR5008	Hand adjustable convex carrier.
0053365	CAR5007	Flat glass carrier and motor assembly.
0053370	CAR5009	Convex carrier and motor assembly.
0049940	BAK5025	Mirror housing, upright, driver side.
0049941	BAK5026	Mirror housing, overhang, passenger side.
0059461	BAK5029	Mirror housing cap and grommet kit.
0059462	BAK5030	Mirror housing mounting hardware kit.

Flat Glass.
Heated or Unheated.

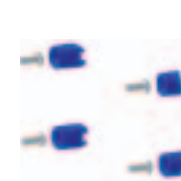

Flat Carrier Assembly.
Motorized or Hand-Adjustable.

Convex Glass.
Heated or Unheated.

Convex Carrier Assembly.
Motorized or Hand-Adjustable.

Mirror Housing
Mounting Hardware
Kit.

Mirror Housing.

Mirror Housing Cap
and Grommet Kit.

THE HISTORY OF THE AVIASTYLE®

The Aviastyle® mirror series was developed by Rosco at the request of Blue Bird Corp. Blue Bird was looking for a unique design that would be functional and aesthetically pleasing. The oval shape of our Aviastyle® mirror is reminiscent of the Blue Bird logo. The name Aviastyle® is derived from the Latin prefix “Avi” meaning bird. The aerodynamic oval shape provides a large viewing area for superior field-of-vision. This mirror design combined with our line of Spring-Break® mounting arms, provides a powerful viewing solution for today’s buses. The Aviastyle® mirror series is compliant with both FMVSS111 and CMVSS111.

Features and Benefits

- Expanded mirror surface area provides superior field of vision.
- Rigid construction provides clear, vibration-free images.
- Molded from high impact, U.V. stabilized A.S.A. resin.
- Flat and convex mirrors are both 4-way adjustable.
- Stainless steel fasteners.
- Modular construction eases installation and service.
- Oval shape improves aerodynamics.
- Spring-Break® breakaway arm provides mirror detent position.
